- One of Skolera valued features to parents is viewing content of any course studied by their children during the school year.

## To view courses' content through the parents interface follow the next steps:

•After logging in, click on " My Children" then choose your child who you want to view their courses' content published by their teachers.

-Now, click on the " Content " icon then choose the course you want from the drop-down menu.

**2** Or click on " Courses " from the right side under Quick Links
