Teacher

Smart Course Control

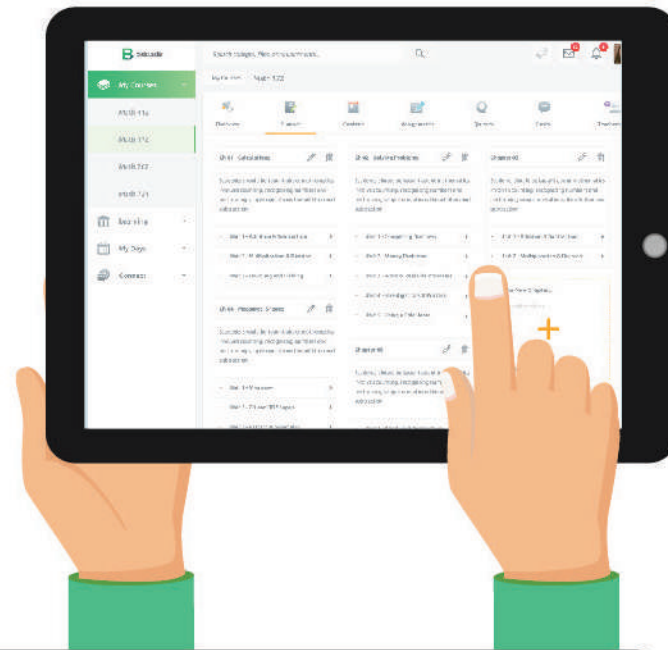

Create your course curriculum content, an assignment or a quiz once for the entire course, and select which classes to publish it to. Your "Quick create" icons are time-savers.

Who's on Track?

Find out how well the class is performing, or focus on one student to track his/her academic progress and behavior.

Cumulative Course Status

Follow your course completion status and compare it to the course plan. Pace your progress accordingly.

Student

Gamify Education

Work hard, collect points and receive badges that you can show off to family and friends. Reserve a place, where "No good deed goes unnoticed", in the Hall of Fame.

Hit your Targets

Take a look at your workload. Check your To Do list. Manage your time more effectively.

Communicate and Collaborate

Contact your teacher anytime, anywhere, and engage with peers in useful discussions.

Parent

Live Supervision

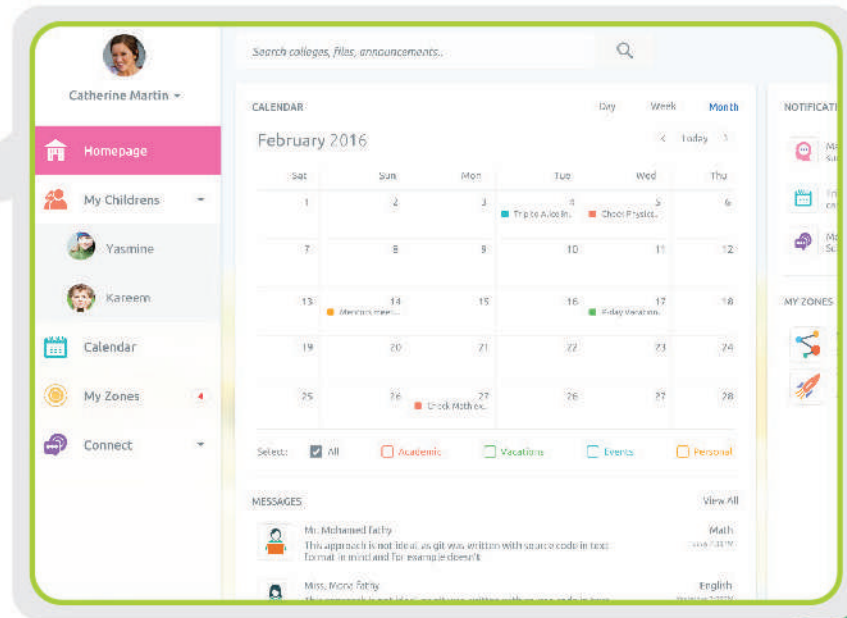

- Once enrolled in your child's classes, you have access to inspect their content, view their activities and track their academic performance.
- You are invisibly at the heart of everything.
- Checkout the school calendar, read announcements and get instant notifications periodically.

Optimum Engagement

Get actively involved in various school events and activities through Zones. Communicate with teachers directly via private messages.

Keep In Touch On The Go

Receive notifications and follow up on student progress and behavior on your smartphone.

School Administrator

Stay on Top of Things

Skolera provides powerful tracking of usage logs and frequency of participation to monitor user activity and take corrective action based on solid information.

Teaching Quality

Observe teachers' performance through activity monitors and monitor students' progress.

Generate Reports

Create comprehensive reports on teacher performance, teacher interaction, student grades and student behaviour.

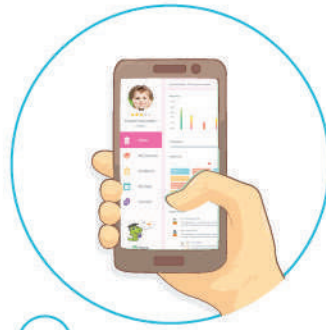

"Creative, cheerful and helpful in saving both time and effort, it's extremely brilliant"

Nada Mostafa – Teacher
(Glory American School)

New Features

Native Mobile App

Skolera Native Mobile App is a potent tool for parents that enables them to monitor the progress of their children, view their grades, and get notified of children's behaviour notes and school activities.

Automatic Attendance

With the integration and use of biometric or barcode scanner, recording students attendance is getting simpler; teachers are saving time and effort while verifying the attendance of their students.
