How to Submit an Assignment using Skolera LMS?

skolera™

- With Skolera, submitting assignments for students has become much easier, and the old problems of forgetting assignments or losing them have become a thing of the past. Students can now solve and submit their assignments once they get online.

If you haven't tried Skolera LMS, you can now learn more about Submitting Assignments and Activities from the Student's Dashboard by clicking here.

Note: You will find a video titled "How to Submit an Assignment Using Skolera LMS" in the support section for Students in the educational resources page.

- Students should first know that they may be required to submit their assignments in one of three ways:

Hard Copy   File Upload   Online Text

We will explain how students can easily submit their assignments on Skolera:

1

From the student's homepage, click "My Courses," then select the course related to the assignment you wish to submit.
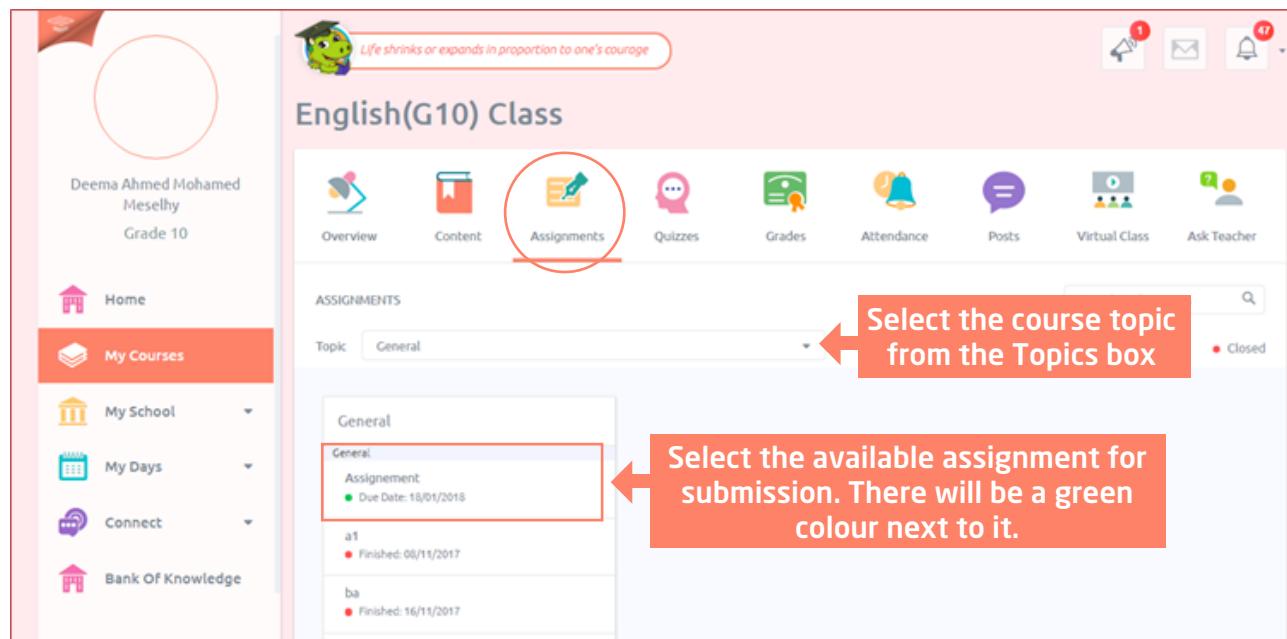

Select the course for which you wish to submit an assignment

Click on My Courses

3

2 From the main menu at the top, click Assignments.

3 Select the course topic the assignment was created for from the Topics box.

4 After selecting the topic, select the available assignment. (There will be a green color next to it if it is available for submission.

5 You will be transferred to a page for the assignment, including the assignment's details. Click on "Solve Online" to solve the assignment.

6 You can upload an assignment or display the content according to the available icons at the bottom of the page.

Assignment Details

Here you can either view details of the assignment, or proceed to answer and submit it

skolera

7 When the assignment must be submitted as a hard copy, "Solve Online" will not appear. You will be required to click on "Download the assignment," answer the assignment, print it, and submit it to the teacher in person.
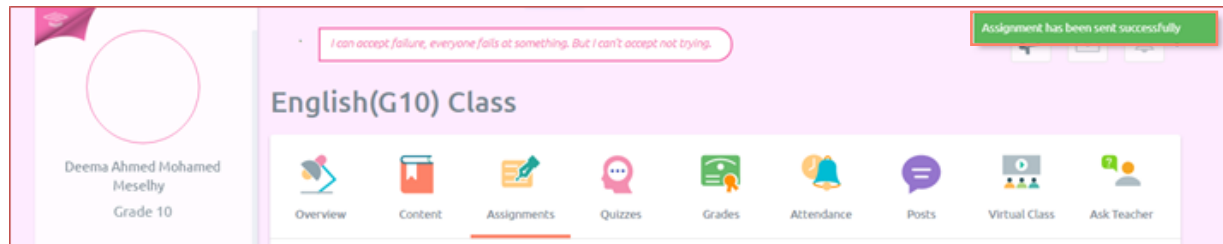

8 If the assignment requires you to submit written text or submit an uploaded file, the button "Solve Online" will appear:

• When you press on it, a text box will appear if the assignment is to be submitted as a written text.

• The button "Upload File" will appear if you are required to submit the assignment as a file. You should be aware of that when submitting your assignment.

"Completed" indicates that the assignment has been successfully submitted and sent

10

When you have successfully submitted your assignment, a sign will appear by the assignment labelling it as completed and submitted.

Now we've explained how to submit an assignment using Skolera LMS. Once an assignment is submitted, the teacher can assess and grade the assignment, and students can be assured that their assignments have been submitted properly and receive their grades.
